## Why Alpha?

Alpha has been at the forefront of the translation and localisation business for nearly 30 years delivering value to many of the biggest companies in the world in IT, Software, Games, Automotive, Fashion and Luxury. Our business is founded on an in-house model delivering a wide range of services through Alpha's teams in our 18 offices in 13 countries.

## What we do

- Localisation and continuous localisation.
- Linguistic services (translation, review, post editing, transcreation, LQA and linguistic validation).
- International advertising, copy writing and origination for major campaigns.
- Functional and linguistic QA.
- Machine translation services.
- Specialist testing services.
- Software engineering and development.
- DTP, audio, rich media.
- Project and Program management.
- Specialist globalisation consultancy.

Our in-house model provides an ideal learning environment for interns. Working with translation, project management, DTP, AV, QA and testing colleagues all under one roof allows the workflow and detail of translation and localisation projects to be quickly understood. In this environment with the professional tools to deliver client projects university studies will come to life as they are applied in a lively, fast paced environment.

## Join our team of world experts

To join our team as an intern please send us your CV along with a letter of motivation to [hr@thisisalpha.com](mailto:hr@thisisalpha.com).

Your letter should tell us why you are interested in an internship and how it might benefit both you and Alpha. If your application is successful you will be invited for an interview and asked to complete some short practical tests or test translations.
