HOW AN IN-HOUSE LOCALIZATION MODEL CREATES BETTER CLIENT OUTCOMES.

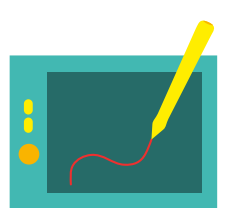

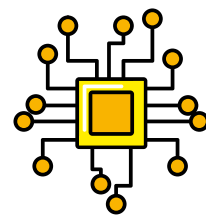

## A knowledge pool

Working together, our teams can better share ideas, solve problems, and provide support for each other and our clients!

## Multi-skilled teams

Our diverse in-house staff include translators, project managers, DTP specialists, designers, quality assurance, and technologists.

## Continuity and accountability

Because we work together in dedicated teams and as a whole, we are able to fully understand our clients, and they get to know us too.

## Benefits for our clients...

- Close relationships with Alpha localization teams.
- Improved translation quality.
- Better value for money.

## ...and for us too!

- Understanding our clients better.
